Article description
DURAN Borosilicate glass 3.3 - Statement regarding Conflict Minerals, Latex, Natural Rubber, Allergens, Kosher

The articles listed under “article number” are hereby confirmed to have been produced using a quality system conforming to ISO 9001 and comply with the DWK Life Sciences quality standards.

Scope

This declaration is valid for all products made of DURAN® borosilicate glass 3.3 (Laboratory Glass, Consumer Glass, Special Industrial Glass)

Conflict Minerals

With respect to the Dodd-Frank Wall Street Reform and Consumer Protection Act, we hereby confirm that DURAN® glass does not contain any of the so-called Conflict Minerals as defined in Sec. 1502 of said Act.

- Gold
- Tungsten
- Tantalum
- Tin

We cannot exclude the possibility that traces of these elements may be present, but below the limits of detection.

Latex, natural rubber

We hereby confirm that DURAN® glass does not contain naturally occurring latex, natural rubber as intentionally added components during the manufacturing of DURAN® glass products.

Please note that analysis of the raw materials and/or finished goods for presence of the above mentioned substances is not performed on a routine basis.

Allergens

We hereby confirm that no ingredients or processing aids listed in Annex II of Regulation (EU) No. 1169/2011, causing allergies or intolerances, have been used in the manufacture or preparation of the above mentioned DURAN® glass products.

Please note that analysis of the raw materials and/or finished goods for presence of the above mentioned substances is not performed on a routine basis.

Kosher

We hereby confirm that DURAN® glass complies with the Kashrut regulations for the preparation and consumption of food and beverages. DURAN® glass does not contain any substances that are forbidden according to the Jewish kosher standards. Therefore, DURAN® glass can be classified as kosher in accordance to the Halakha.

This statement was confirmed with the rabbi Vernikowsky of the Jewish community of Mainz.
